New! SC Series Meters

The new clamp meter line from Fieldpiece is packed with the measurements HVACR professionals need to perform at their highest level. With fast temperature response, they move easily from hot rooftops to cold walk-ins without affecting accuracy, while the rugged casing holds up to rough HVACR working conditions.

Whether it's a compact meter for tight spaces, or the loaded meter with all the bells and whistles, Fieldpiece has the perfect meter so HVACR pros can do more — everyday.

SC600 Loaded Series

HVACR Clamps Techs Trust

Packed with more features and measurements than any clamp meter in the HVACR industry, the loaded SC600 series features lead storage, a swivel head, test lead holder for safer testing, and a heavy duty magnetic strap.

- Top-of-the-Line Meter
- Swivel-Head Clamp
- Magnetic Strap
- Lead Storage
- Dual Display
- Clamp Test-Lead Holder
- Frequency via Leads & Clamps
- Dial Backlight (SC640)
- Jaw Flashlight (SC640)
- LCD Backlight (SC640)

SC400 Essential Series

Get the Right Tools

The mid-sized SC400 meters are essential for all types of electrical HVACR testing. The dual display makes it easy to view both voltage and amperage readings at the same time. The non-contact voltage indicator and the probe holder make electrical testing safer.

- Packed Meter, Affordable Price
- Dual Display
- Clamp Test-Lead Holder
- True RMS (SC440)
- Inrush (SC440)
- Magnetic Strap (SC440)

SC200 Compact Series

Do More with Compact Meters

The SC200 Series are compact meters that easily fit in a pocket or glove box. These auto-ranging meters are affordable and convenient for HVACR electrical testing.

- Economical, Compact Meter
- Microamps DC (SC220)
- Volts AC/DC
- Non Contact Voltage Indicator
- True RMS (SC260)
- Magnetic Hanger (SC260)

Type K Thermocouple Plugs
